Experience

UX Designer & CMS Editor

April 2025 – August 2025 | Drexel University Westphal College of Media Arts & Design | Philadelphia, PA

- Converted 80+ student projects into appropriately structured HTML code for the Digital Media Department's WordPress site to showcase the work of the students to the world
- Optimized and transferred 5+ years worth of multimedia assets into a new dynamic digital archive
- Collaborated closely with fellow staff members to ensure each project follows proper archiving standards

UX/UI Designer

March 2024 – June 2024 | Squabble: Communication App Wireframe | Philadelphia, PA

- Researched aspects of voice chat apps to design an app with the appropriate features as well as improvements for client
- Sketched and designed rough prototypes to be reviewed by the client before creating the final wireframe for presentation, including a style sheet for further developments
- Created an animated wireframe in Figma to showcase how the app would function
- Presented final wireframe, earning high approval from the client

Lead App Designer

November 2023 – December 2023 | Eco Points: Product Design Mock-Up | Philadelphia PA

- Worked in team of 4 to design products on educating people about proper recycling techniques
- Surveyed and researched the knowledge our target audience had on recycling to analyze what information the product had to include
- Designed, with the assistance of the team, prototypes for the app to provide direction for designing and creating the final app
- Created wireflow mock-up in Figma to demonstrate the functions of the app during presentation, earning high appraisal value from potential clients

Education

Bachelor of Science in User Experience & Interaction Design | Drexel University | Philadelphia, PA

- Expected Graduation Date: June 2028
- 3.88 GPA
